

## Statement on Forced Labor

### To whom it may concern

The DAS Solar Co., Ltd. (“DAS Solar”) is committed to being an ethical and responsible manufacturer and supplier, adhering to the implementation of international and relevant national labor standards. DAS Solar stands with the entire solar industry and supports the human rights of all workers engaged in the industry. DAS Solar respects human rights of all internal and external workers, and that DAS Solar does not engage in or tolerate any form of forced labor, modern slavery or human trafficking.

As one of the most comprehensive suppliers in the solar industry, DAS Solar requires all its suppliers to adhere to “DAS Solar’s Supplier’s Code of Conduct”. DAS Solar’s Supplier Code of Conduct expressly prohibits DAS Solar’s suppliers from engaging in any form of forced labor or discrimination. Furthermore, it requires the suppliers to promptly provide the proof of non-use of forced labor upon reasonable request by DAS Solar and imposes an obligation on the supplier to require their own suppliers to undertake equal obligations. In addition, DAS Solar has implemented various appropriate internal measures and procedures to manage DAS Solar suppliers. DAS Solar is able and willing to provide more explanation on the detailed measures being taken in this regard.

In addition to above-mentioned internal compliance mechanism of DAS Solar, the DAS Solar team also actively participates in the joint efforts of the solar industry to develop a traceability protocol, which not only aims to improve DAS Solar’s processes, but also to promote the improvement of the standards of the entire solar industry.

DAS Solar has a long-standing commitment to respect human rights, and actively supports any efforts to prevent illegal employing labor, thereby protecting the integrity of its supply chain. DAS Solar has always complied and will always comply with any existing laws and regulations in this regard and will closely monitor the latest developments in this area of law, both at the international and regional/national levels, to ensure DAS Solar's ongoing and forward-looking legal and compliant operations.
